

Botanical Society
of Otago
Newsletter.
No. 9,
1989 March.

A.J.(D.)W.

Sunday, March 12:

Ray Tangney

of the Botany Department, Otago University, leads:

BRYOPHYTE FIELD TRIP TO MORRISONS CREEK

Leaving from Union Street, outside the back gate of the Univ. Botany Dept., 1:30pm. Bring a car if you can, there should be spaces for those who have no transport. Bring a hand lens and warm clothes.

Saturday April 15 OR April 29 (Please check What's On in the Weekender for the final date, which will be arranged with our speaker when she arrives in the country):

ALISON BOWLES

of The Royal Botanic Gardens, Kew, will speak on:

KEW GARDENS

8:00 pm, Botanic Gardens Visitor Centre, Lovelock Avenue. (This meeting is joint with the local Royal N.Z. Institute of Horticulture.)

Monday May 1:

HUGH WILSON

(author of "Stewart Island Plants", "Wild Plants of Mount Cook National Park", etc.) will speak on:

THE BOTANY AND WILDLIFE OF STEWART ISLAND

7:30 pm, Botanic Gardens Visitor Centre, Lovelock Avenue.

INTERNATIONAL PLANT PROPAGATORS SOCIETY

This society is holding a conference in Dunedin in October 12-15.

Papers at the conference will cover a range of topics related to plant propagation.

Anyone interested in attending or requiring more information contact: Brent McKenzie, Dunedin Botanic Gardens, 743-515, or at home 67-686.

FLORA OF NEW ZEALAND
VOLUME 4: NATURALISED DICOTYLEDONS ETC.

("This is the volume that has all the plants one sees around, not those rarities known as natives": Prof. Peter Bannister)

This volume has now been published (only four months after it was launched). In the shops it is \$80. However, it is being made available to members of botanical societies at \$65, so long as orders are placed through the society. Please send orders to Dr Peter Johnson, Botany Division, D.S.I.R., Private Bag, Dunedin, making cheques out to D.S.I.R.

[Volumes 1-3 are also available through Botany Division, for \$16.50, \$8.50 and \$12.50 respectively, also the lichen and desmid volumes. Ask Peter Johnson for details]
